

additional services

## additional dealer recommended services –

Everyone's servicing needs are different, therefore, our dealership recommends these additional services based on the local environment and driving conditions. While these services are not outlined in your Toyota Canada Owner's Manual Supplement, completing them may provide additional value to your ownership experience.

- 4 wheel alignment**  
Ensures dependable control and safety and extends tire life.
- air conditioning service**  
Ensures your comfort and maximizes system life.
- battery and electrical system**  
Testing of key charging and electrical components for dependable vehicle operation.
- brake system fluid drain and fill**  
Removes condensation build-up and ensures safe vehicle operation.
- fuel filter change**  
Maintains proper fuel flow and pressure by eliminating fuel containments.
- fuel injection service**  
Corrects injector spray pattern improving fuel efficiency and engine performance.
- rack and pinion fluid drain and fill**  
Ensures dependable control, safety and ride. Promotes longer life of steering components.
- throttle body service**  
Improves idle quality and throttle response.
- tire rotation**  
Promotes uniform tire wear which ensures balanced traction, braking and vehicle handling.
- Toyota Touch**  
Helps to preserve vehicle resale value and helps prevent further deterioration.
- wheel balance (4 wheel)**  
Prolongs tire life and ensures safety. Prevents wear and tear on steering system.

*We service your Toyota the way we built it.*
